

Our curriculum work this term will revolve around the topic  
Once, Long, Long Ago

### Homework

Homework is sent out Friday to be returned the following **Thursday**.

### Reading

It is *very important* that children continue to read their home reading books as much as possible and that they also have the opportunity to read aloud to you. Reading is an essential skill needed for your child to access all areas of the curriculum, good readers make good writers! All children are to complete a 'reading quiz' on their completed reading book. Their results will be recorded in their Reading Record Books.

It is unusual to have no homework and at the very least all children should be reading, learning spellings and number bonds/times tables. These are personalised and all children know what spellings and number bonds/times tables they are currently learning.

### BIG MATHS

Your child will work on their number skills every Friday. Please remember that the idea is that they improve on their own score each week rather than compete against each other.

### PE

PE lessons will be on a Wednesday.

Swimming will be on a Thursday.

Please ensure that all children have a complete named PE kit. Trainers and tracksuits (preferably blue or black) can also be kept in school for PE lessons.

### Library Van

The mobile library van visits school every 2-3 weeks. Children are allowed to select a book which they are welcome to take home. We must stress however that the book remains the responsibility of the library card holder NOT the school and that lost books will be charged for.

# Scorton CE Primary School

## Bowland Class

## Summer Term 2018

### Mrs Tyrrell

Teaching assistant: Mrs Harrod

Would you like to come into school as a volunteer helper?

If you would like to come into school to help or have any useful resources that would help with any of our topics please call into school.

Do you have any books, pictures or resources that could make our topic even more exciting?

Let us know and we'll build these into our work.

## Art

In art this term we will be developing our printing skills. We will be exploring the effects that can be created using a wide variety of objects and creating our own printed art work.

## Maths

In maths this term we will be continuing the develop our mathematical skills. Not only looking at our arithmetic but also at problem solving and mathematical reasoning.

## PE

In PE this term we will be continuing to develop our skills as sportsmen and women. We will be looking at athletics as well as improving our throwing and catching skills. We will also be developing our swimming skills.

## Science

In science we will be looking at living things. We will be looking at humans, medicines and staying healthy as well.

## English

In English we will be continuing to develop as readers and writers. We will be looking at a range of different books including stories which contain dinosaurs and information books about fossils and dinosaurs.

# Once, Long, Long Ago

## Music

In music we will be developing our skills as composers. We will start by looking at 'In the Hall of the Mountain King' by Edvard Grieg. We will look at how the music tells a story and then compose our own music based on dinosaurs.

## French

In French this term we will be looking at developing our vocabulary to include words related to family and also food.

## History

In history this term we will be looking at Mary Anning (famous fossil hunter). We will be studying fossils and also dinosaurs. We will be looking at what the fossils tell us about how these prehistoric animals lived.

## Design Technology

In design technology we will be looking at designing a product out of fabric that could be used to transport fossils.

## Computing

In computing we will be looking at programming. We will be using the beebots and roamers and looking at how we can give them specific instructions to get them to do the things that we want them to do.
